(iv) To implement the resolutions and decisions taken under various International Conventions such as on International Trade in Endangered Species of Flora and Fauna (CITES), International Whaling Commission, etc., to which India is and other International Convention Party.

(v) To co-operate with the Interpol Wildlife Crime Working Group, the World Customs Organization, the CITES Tiger Enforcement Task Force and various other Law Enforcement Agencies inside the country.

(vi) To develop a National level Policy for containing the trade, enforcement and capacity building of the State Forest Departments to carry out enforcement and investigation in a professional manner.

(vii) To advise the Government of India on changes required in policy and legislation from time to time.

(c) Does not arise.

Census of tigers

4699. SHRIMATI SUKHBUNS KAUR:
DR. AKHILESH DAS:
SHRI ABU ASIM AZMI:

Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether Panna (Madhya Pradesh) once hailed as the best success story of Project Tiger, has lost 35 to 40 tigers during the past two years;

(b) whether at least 6 tigers were also reported killed in Bandhavgarh (M.P.) recently;

(c) whether any census of tiger population has lately been caused or is being caused; if so, the comparative population of tigers in different sanctuaries and reserves as per last two censuses; and

(d) the steps taken and being taken to protect and promote tiger population?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI NAMO NARAIN MEENA): (a) and (b) No such report has come to light from the State Government.

(c) Yes Sir. The All India Estimation of tigers is done once in every four years, and the comparative figures of last two such censuses are given in

the enclosed Statement (*See* below). The forthcoming All India tiger estimation has been scheduled from November 2005 to February 2006.

(d) The following measures have been taken at the Government of India level to protect tiger and other wild animals:

(i) Legal protection has been provided to wild animals including tigers against hunting and commercial exploitation under the provisions of the Wildlife (Protection) Act. 1972.

(ii) Financial and technical help is being extended to the States under Centrally Sponsored Schemes for enhancing the capacity and infrastructure to provide effective protection to wild animals.

(iii) The Central Bureau of Investigation (CBI) has been empowered under the Wildlife (Protection) Act, 1972 to apprehend and prosecute wildlife offenders.

(iv) The Ministry of Home Affairs has addressed all State Governments to lend a helping hand to the field formations to curb poaching and illegal trade in wildlife.

(v) A National Wildlife Action Plan (2002—2016) has been launched with several action points and priority projects for conservation and protection of wildlife in the country.

(vi) independent monitoring of tiger reserves has been done by a panel of experts drawn as per the normative guidelines of the Ministry. A standardized format for evaluation has been prescribed for monitoring and evaluation, based on the frame work of the World Commission of Protected Areas (IUCN).

(vii) A 'tiger habitat and population evaluation system' has been developed in the GIS domain, with inputs from the scientists of WII, involving the State officials and field staff. Based on this, the Project Tiger Directorate of the Ministry has refined the procedure with a peer review mechanism comprising of independent experts, both national and international (IUCN) for overseeing the primary data collection.

(viii) Tiger presence and its breeding status have been mapped for the entire country at taluk level amplification in the GIS domain for an assessment of habitat fragmentation.

Statement

Tiny elephants

†4700. SHRI R.S. GAVAI: Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether it is a fact that the species of tiny elephants have been found in the forests of Kerala;

(b) whether it is also a fact that this was known at the time when the four such elephants have already been killed; and

(c) if so, the steps being taken by the Government for the conservation of the species of tiny elephants?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI NAMO NARAIN MEENA): (a) and (b) No, Sir. There is no scientific evidence regarding the existence of tiny elephants in the forests of Kerala.

(c) Elephant is included in Schedule - I of the Wildlife (Protection) Act, 1972 and gets all necessary protection from the Forest Department in Kerala. The Central Government provides financial support to Kerala under Project Elephant for conservation of elephants. An amount of Rs. 1.67 cr. was released in favour of the State Government during 2004-05. Four
